“Instead of perfection, striving for continuous improvement should be within you. Without change, there is no innovation, creativity, or incentive for improvement. There is always growth, improvement, and adversity, do what's right, continue to upgrade, and the journey is never ending!”

XcelTec holds the CMMI Level 3 certificate since 2019 and at the beginning of 2022, the whole culture of the organization was aligned with [CMMI level 5](#) practices through extensive training sessions and mentoring.

On the 30th of June 2022, XcelTec has been appraised with Level 5 in the Capability Maturity Model Integration (CMMI) V.2.0, which represents a proven commitment to high-quality software development processes and delivery standards

CMMI Maturity Level 5 denotes an organization's ability to continuously improve its processes through incremental and innovative processes and technological improvements to deliver superior outcomes and business performance.

XcelTec is sharing this moment of joyfulness and being proud of this achievement. Furthermore, XcelTec will continue to set new goals in the journey to deliver excellence, comply with industry best practices, and provide a better customer experience.
